

## VisitHopeCounty.com – Far Cry 5 FAQs

### What is Far Cry 5?

Far Cry® 5, developed by Ubisoft® Montreal in collaboration with other studios, is the latest installment of the critically acclaimed Far Cry franchise.

Set in America, a first for the franchise, Far Cry 5 offers players total freedom to navigate a serene-looking yet deeply twisted world as the new junior deputy of fictional Hope County, Montana. Players will find that their arrival accelerates a years-long silent coup by a fanatical doomsday cult, the Project at Eden's Gate, igniting a violent takeover of the county. Under siege and cut off from the rest of the world, players will join forces with residents of Hope County and form the Resistance. Far Cry 5 is rated M for Mature.

New filming and production technologies have created graphics that gamers are reporting as the most life-like and vivid that they have ever seen in a game creating a very appealing “Montana” landscape. A unique feature for the game gives players the option to take a time out from the game to engage in outdoor activities such as fishing, hunting, and ATV rides, the same activities that Montana has to offer.

### Where is Hope County?

Hope County a fictional place created by the writers of Far Cry 5.

### Why did the Far Cry team decide on Montana for the game’s setting?

The Far Cry franchise is about frontiers, and for Far Cry 5 the team wanted a place that was beautiful but also that felt remote. After making a short list of potential locations, the team got on a plane and headed to Montana. Once they started to meet the people, to hear its history and to go fishing and hunting, the team realized they got it right on the first shot. Far Cry was going to Montana.

### What real life locations can be found in Far Cry 5?

Like many forms of entertainment, Far Cry 5 is a work of fiction. Montana was used as inspiration for creating Far Cry’s version of a small town in America. And while Montana has the varied topography that makes it a great setting for the game, the team took its own creative liberties in designing a small town to ensure the game is fun for gamers.

### What is Southwest Montana’s relationship to Far Cry 5 and Ubisoft?

Southwest Montana Tourism Region partnered with Ubisoft to create the **VisitHopeCounty.com** landing page and field guide that showcase the beautiful locales and exciting adventures of Montana. The field guide features routes for exploring Southwest Montana’s beautiful landscapes, information about outdoor recreational activities, and links to businesses.

### What is VisitHopeCounty.com?

VisitHopeCounty.com is a project produced by Southwest Montana, in partnership with Ubisoft. Our goal is to showcase the beautiful locations and activities in Montana that provided the inspiration for Far Cry 5.
